Art Dept. Expands Facilities

Color and creativity are two words which describe the art department at Midpark. The department possesses talent not only from the students, but also from the teachers in the department.

A number of courses are offered which allow the student to express himself to the fullest. Some of the courses offered are painting and drawing, commercial art, commercial lettering, crafts, art fundamentals, and vocational courses.

There are over 500 students who share in the expanded facilities of the art department. Future plans in the department include craftwork, leatherwork, and fabric-making.

Business dept. trains college, voc. students

The business department at Midpark not only offers courses for students who wish to enter the business profession, but also for the college bound. Notehand, shorthand, and personal typing are designed for students who need a fast way to organize their notes. Vocational programs include courses for clerk-typists and stenographers. Courses are also available for those who wish to major in marketing.

The office education classes are part of a nationwide program. Students attend conventions and contests in which they represent Midpark, just as all students who leave Midpark represent the school.

Drivers Ed. in class on road

As Midpark students become sixteen years old they are anxious to obtain their driver's licenses. As a result, Mr. Vern Sharbaugh's driver education classes are standing room only. Most of Midpark's students pass through Mr. Sharbaugh's theory class. Later they must take a driving lab with an in-car instructor.

Theory class meets daily for one semester, and then the student schedules his in-car training on his own time.

Mini-Courses go great

The English department offers a wide variety of course offerings along with a wide variety of talented teachers. In the tenth grade, students required to take one semester of written English and one semester of oral English. In the eleventh grade, one semester of American Literature is required and the other semester can be an elective in the English department.

For. Lang. a necessity in life

The foreign language study at Midpark is not only for the academically gifted. The language department feels that everyone should have the chance to acquire knowledge of other cultures and languages. Foreign language study is not merely note learning, but rather is concerned with the beauty and complexity of life in general.

This year Latin has been brought back to Midpark. Taught by Mr. Bernas, the classes this year are held after regular school hours.

The teachers in the language want to prepare the student for a life in a changing world where bi-lingualism is a cultural necessity and the mark of an educated person.

Home Economics brings boys into classes

Home Economics is not only aimed at the female population, but also the men. The important thing about the field is that the boys and girls learn skills and ideas necessary for running a home and managing a family.

Interior decoration, a popular course, has become a do-it-yourself and how-to-do-it course teaching such things as reupholstering and drapery-making.

In addition to the informal structure of the classes, the instructors confers with the students and help them plan and execute individual home projects. Instructors also feel they can help their students more by visiting each student's home during the course of the year.

Indust. Arts prepares for future

The Industrial Arts Department hopes to prepare their students for careers which utilize the students skills or at least help them learn the basics about tools. Many of the students take specialized courses such as metals, woods, aviation, photography, auto mechanics and a new program devoted to plastics. Students may select as few as one or as many courses as they may desire, in the industrial arts program.

Math classes are offered all students

The instructors in the Math department are very concerned with providing programs that fit the students needs and abilities whether he is college bound or not. There is a four year math program which is very popular with college-bound students. This sequence can be terminated before it is finished if the student wishes. For those who wish to go beyond this sequence additional courses can be arranged at Baldwin-Wallace College.

For those students, college-bound or not, there is an elective course called Consumer Mathematics. This course deals with useful math for the student when he enters the world about him.

Computer science is being integrated into mathematic classes and computers are available all day in the computer room for student use.

Chorales On High Pitch

Midpark High School is known throughout the state for their outstanding instrumental and choral groups. The Concert Choir, Symphonic Band, and Orchestra have made it a point to attend district, and usually state, contest in the past, and this year Concert Band will make it's debut at contest. Besides contests these organizations present at least two concerts per year and numerous concerts at elementary schools and other functions. Also in the Music department is the Choral Club, Girl's Glee, Boy's Ensemble, and numerous small choral and instrumental ensembles. The music instructors feel that the department helps develop the individuals in it and offers a tie with the Alma Mater when the students graduate.

Phy. Ed. Develops Mind and Body

The Phys. Ed. dept., is trying to provide the students with meaningful activities that will last throughout their lives. They also try to offer courses outside of the building such as bowling and horseback riding.

This year, a new technique is being tried in regard to Health. Mr. Pheneger and Mrs. Kuestner teach a 6-weeks course which is taken instead of gym for one 6 weeks period. This class meets everyday instead of every other day and discusses topics such as drugs, smoking, diseases, and medical careers.

Anyone who is not on a varsity athletic team may join any one of a great number of intermural sports teams or the synchronized swin team.

Science Receives Grant

Midpark's science department received a Jennings Foundation grant for $2300 for purchasing video equipment to tape pre-lab and lab demonstrations.

Mr. Dick Heckathorne, chairman of the science department, says that the purpose of his department is "to acquaint the students with a dynamic, living, growing, exciting, and important part of our human culture; thus making living more enjoyable in a world made better by scientific invention."

Soc. St. Offers New Courses

Psychology is the newest course being offered in the Social Science department. Mr. Plarski, teacher of this course and department chairman, hopes that it will help the students understand human behavior. In fact, he says that the objective of the department is to "humanize each individual by developing an awareness of himself, his world and the relationships between the individual and his world." So, it seems that the Social Science really is concerned with the world now, and not only as it was in the past.

Head football coach Tom Watts, left the Social Science department to teach Physical Education. Also, Olen Bittenger left the department to take his experience to the O.W.E. class. Two new teachers, Jeff King and Gordon Trump were hired.

Changes, rebuilding year, Lend 4-6 season for Meteors

If one had to describe the 1971-1972 Midpark Varsity Football season, you'd have to say that it was a learning experience. The players and coaching staff, under head coach Tom Watts' first year, had to make many adjustments. The juniors who had won the Greater Cleveland Conference championship as sophomores, couldn't continue their winning ways.

In the season opener, the Meteors beat a weak Rocky River team 26-13. The following week, the team travelled to Westlake only to get beaten in the final second of play 17-13. Midpark bounced back the following week to edge out South High 7-6 at Finnie Stadium.

Entering conference play against Mayfield, the Mighty Meteors were crushed by Conference co-champion Mayfield 40-0, and later by conference co-champs, Mentor 61-12.

Midpark lost its homecoming game with Eastlake North 12-7. Later in the season, the Meteor ground game came alive and they edged Maple Heights 12-9. Willoughby South nipped the Meteors in the final seconds 19-15. Unable to put together two good halves, Midpark dropped a close one to Bedford 28-22.

Midpark and Berea are the only two high schools east of the Mississippi River to play on artificial turf. Midpark climaxed its season with arch-rival Berea and thumped them 22-7.

Jayvee football shows promise for future football at Midpark

The 1971 Jayvee football season was one of both great optimism and disappointment. The squad started the season with a lot of talent and potential. Another eason for the optimism was the new coaching staff with coaches Jeff King, Rich Bourgault and Gordon Trump.

Though not successful, the season wasn't exactly a failure. After an impressive 44-6 victory over Rocky River, the team dropped the next four games. The season ended with Midpark winning three of the last five.

With the size and talent shown on the team Midpark can only look forward to bigger and better football.

Meteor Harriers End '71 Season With Fine Record

The 1971 Meteor Cross Country team ended the season with a winning record of seven wins and four losses. The team was small but a good group of runners. Competition kept moving the varsity runners around.

The meteor team had a very sparce following at its events, but this didn't hinder the efforts of the team. Next year offers a bright future for the harriers.

'71 fete goes despite rain

The 1971 Homecoming Court consisted of Miriam Galarza, Cheryl Bargine, Debbie Drachenberg, Sandy Hassing, Barb Gregory, and Nancy McLaren.

The Midpark Meteors were playing Eastlake North at Finnie Stadium. The team was tense, the girls, nervous. Everyone wondered who would be the new queen. A Meteor victory would make the dismal rainy night even happier.

At half-time North held a slim 6-0 lead. After the bands' performances, the Homecoming procession began.

There was a light spray of rain as the court rounded the field in their open convertibles. The fathers of the queen candidates escorted their daughters onto the field.

The moment came — Miriam Galarza was crowned Queen of 1971 by Wendy Speth, last year's queen.

The football tri-captains, Jim Gulyas, Dan Gombert, and Darrell Gardner each kissed the new queen good luck.

Midpark Cagers rebound from last place to win their first Greater Cleveland Title

The Midpark Meteors, under the direction of Coach Jim Pheneger and assistant Ralph Holthave won the Greater Cleveland Conference title. In Midpark's short basketball history, the Meteors have had nothing but tiresome seasons before this year. After going 0-19 last year Coach Pheneger and his squad came back.

The Meteors went from the bottom of the G.C.C. right to the top in one year.

The season started out slow, and all indications were that this season would be a replica of the past. Midpark had a great defense and when they put their offense together their 3-3 record went to 13-3 — winning 10 straight before being beat by Willoughby South 52-50.

Midpark finished the regular season with a 14-4 record and was ranked 14th in the Greater Cleveland area.

The cagers possessed a strong bench. When they were needed, they came in and did the job.

The Mighty Meteors ended the season with a 15-5 record, their tournament road ended by the Powerful Patriots of Valley Forge.

JV Cagers End with 14-4

The Midpark jayvee basketball team had the best jayvee basketball record of any team in the history of Midpark. The team ended the season with a 14-4 record, and could have ended better had Chris Lowe not been injured near the end of the season.

Coach Jack Schneider did a fantastic job working and training the team. In addition to Lowe, some of the other outstanding players were Dave Freund, Don McCarthy, Jim Astorino, Jack DeBord, and Jim Brandt.

Because of a few upsets, the team ended up in second place in the GCC.

Girls Play Varsity Sports

Varsity athletics for girls are becoming a big thing at Midpark. Midpark along with seven other suburban schools have formed the South Suburban Girl's Athletic Conference. In addition to competing in the conference, the femmes play five non-conference games per sport, which now consists of volleyball, basketball, and softball. The Conference consists of Berea, Brunswick, Independence, Normandy, North Royalton, Parma, and Valley Forge, along with Midpark.

All teams are chosen similiar to the boys' teams, by competition and try-outs. The girls must practice two evenings per week.

Midpark's girl's varsity teams are coached by Miss Emilie Wiemels.

Members of the varsity basketball squad are JoAnn Astorino, Annette Cocita, Bonnie Donofrio, Sue Hawthorne, Linda Helmink, Kathy Joseph, Judy Largen, Debbie Lawrence, Diane Lungo, Marcia Meehan, Terri Miller, Kitty Mizerock, Pam DeBord, and Denise Vanucci.

Tankers better last season

The Midpark tankers bettered their record of last year even though they were touched out in many of the meets.

This year Midpark's swim team received a new coach, Dan Hyre. Coach Hyre started a new program in swimming and corrected many problems of last year.

One of the team's biggest problems was the performance in relays, because of lack of swimmers. By correcting this problem, the tankers were defeated by only a few points in several close meets.

The team has some outstanding individuals who set school records. Mike Skinner broke the old school record in the 400 freestyle by five seconds. Sophomore Jim Klebowski stroked his way to a record in the 200 freestyle breaking the old time by three seconds.

Next year, Coach Hyre is looking for an outstanding season because the team is only losing one senior. Returning will be mostly sophomores with a few juniors.

Water Polo Begins at MHS

Water Polo was introduced at Midpark High School as a new and exciting sport during the 1971-72 season.

The first meteor squad to except the Challenge finished the season with a 6-7 record.

Leading this year's squad were two outstanding performers, Doug Kranes and Jim Klebowski, who compiled the majority of the meteor points. In response to their great leadership they were nominated to be on the all-state water polo team.

Most of this years success was due to Midpark's new swim coach, Mr. Hyre. His knowledge of water polo helped produce a well-organized team.

Next year's squad should be quite strong since the majority will be back.

The team is invited to the National Water Polo Meet after a 5th place finish at the state meet. R.R.

Grapplers post .500 season

The 1971-72 Midpark grapplers acquired a new face on its already young coaching staff. Mike Carusso, a man small in stature but big in heart, joined head coach Marv Rader to help the matmen to a respectable season in a tough conference. They ended with a 6-6 record losing five of the six by less than six points.

The junior varsity, headed by Bob Youngblood went to a successful season, 10-2.

Riverboat Comes to MHS

"It was the biggest and best show ever at Midpark." This statement was heard often after Midpark's annual talent show, Mid-Idiom. The theme was "Mississippi Riverboat" and the show contained over twenty acts. The stage depicted an old Mississippi paddle wheeler, "The Lazy Lady". More than three hundred students had a hand in the production.

Faculty advisors, Miss Connie Biga, Mrs. Scaravelli, and Mrs. Wohl were a valuable influence, providing helpful guidance during the entire production. Student co-directors Cini Lee and John Dunaway proved to be capable directors.

Names Pollariné as their Queen

Friday January 14 was a special day for Kendall Rhodes, Joy Johnson, Mary Jane Conrad, Annette Cocita, Diane Kendall, and Mary Jo Pollarine. One of them would soon be named as the 1972 Winter Sports Queen.

It was also special because it was the first time that Wrestling would sponsor the event. It will alternate between Basketball and Wrestling every other year.

During halftime the girls were escorted by their fathers through the arch and across the mat. The 3M members helped during the ceremony.

Then the moment came and Mary Jo Pollarine was crowned Winter Sports Queen. The turnout for the dance was very good and everyone enjoyed the music of the Echos.

N.H.S., intregal part of Midpark

The National Honor Society is an organization of young people who have exhibited the outstanding qualities of leadership, scholarship, character, and service. This year, N.H.S. has undergone a change; it has become an active and contemporary organization, sponsoring various folk-rock performances, tutorship programs, and including popular music and modern stage techniques in the induction ceremony. Thus N.H.S. is truly reaching its goal, a goal of working and accomplishing and becoming an integral part of Midpark.

Intern'l Club Aids Students for Abroad

The International Club of Midpark is a newly formed club which encompasses the majority of the language clubs and the American Field Service. In addition to learning international languages, the club provides an opportunity for cultural exchange among students. Students from Midpark may spend years abroad as an exchange student, just as Midpark has housed many a foreign exchange student in the past.

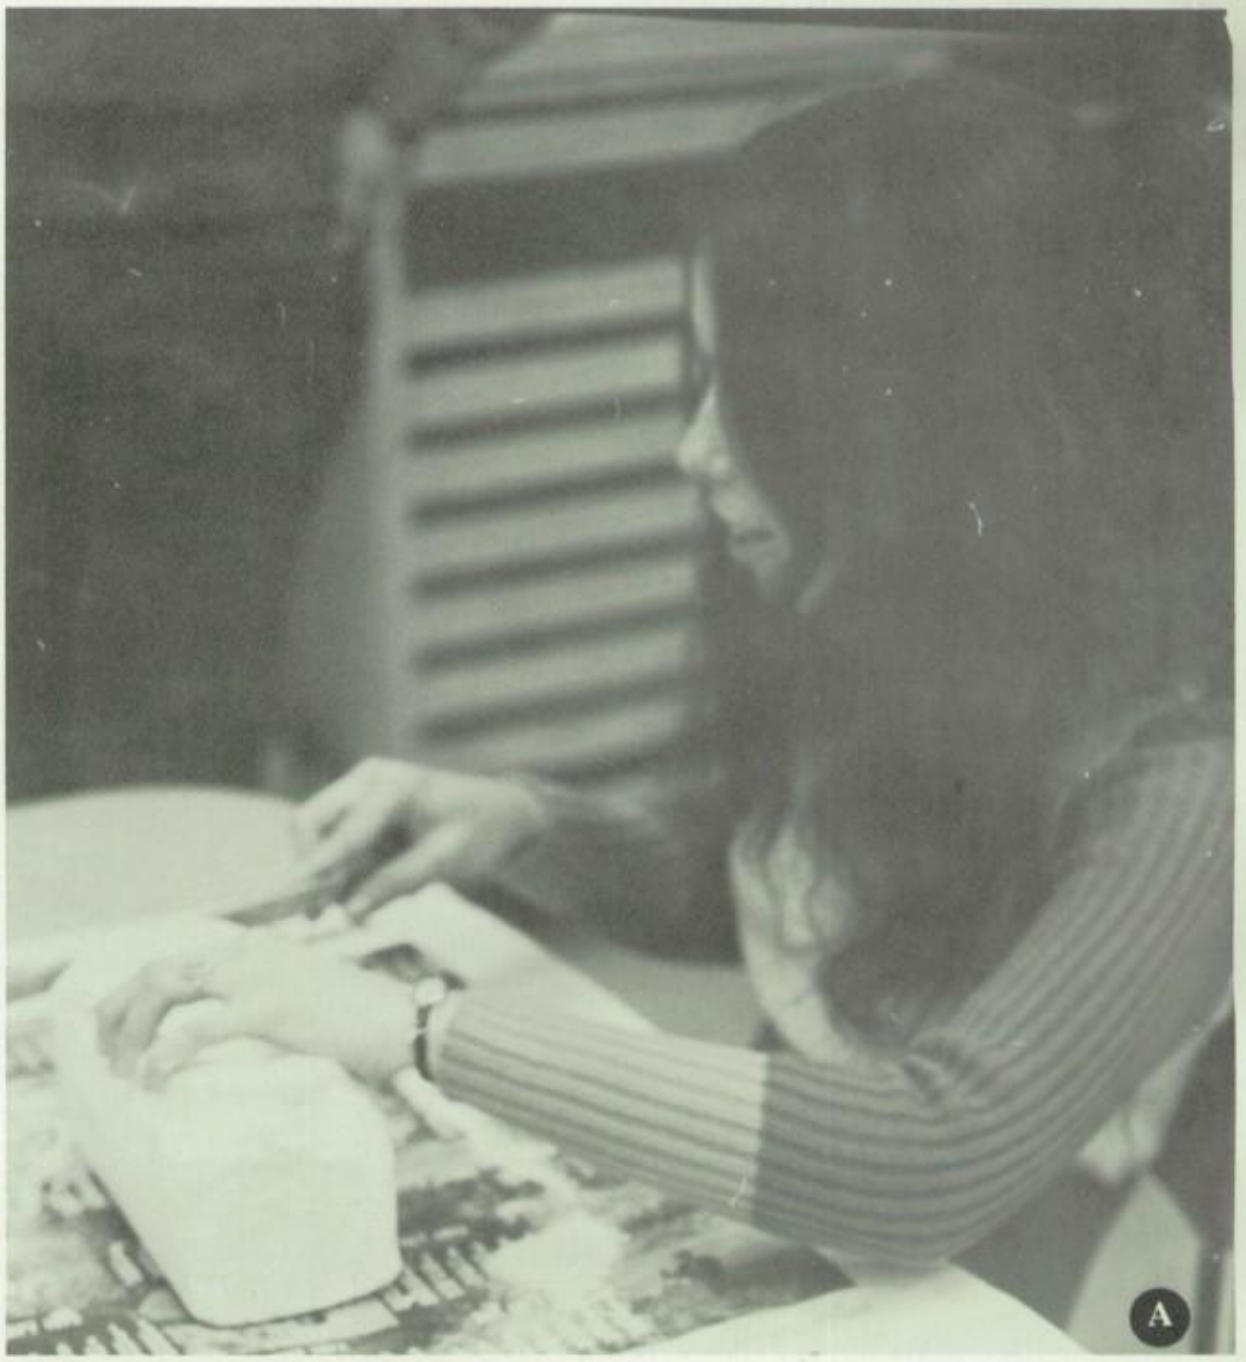
Bristles Club Paints Future

Members of the Bristles art club are Ruth Geisor, Carol Betor, Ann Stephens, Miriam Rosenblum, Leslyn Gouch, Nancy McClaren, Nelda Corbett, Sue Deal, Sue Janosko, Greg Grenowski, Russ Arndt, Chris Suntala, Rich Kraly, and Dave Pryor.



FTA Prepares Class

Future teachers start preparing themselves for the classroom even in high school. By tutoring, and periodically trying to teach a class they see if the profession is really what they want.

Members of the FTA are Ruth Grier, Dave Polomo, Irene Kopp, and Henriette Kopp. Behind are Mrs. Bacher, Jan Wengatz, Sandy Stetina, teacher, Carol Goodman, Jane Sydwell and Mrs. Knapper. Tutoring elementary students how to add is Jane Sydwell.

Helping students with government is Nancy Stupka.

Campus Life Ecology Club

Rudy Zupan and Kathy O'Neil of the Campus Life club check over slides which they will present at a meeting.

Members of the ecology club are Brad Pritts, Bill Kozel, Leslyn Gouch, Miriam Rosenblum, and Debbie Reynolds.

Science Club
Key Club

The science club's objectives are to acquaint members with a better understanding of the scientific world around them.

Members of the club are Mark Tolson, Jim Ailes, Shiny Kozowa, Mr. Clevenger, and Tim O'Connor.

The Key Club at Midpark is a service organization which works in hand with the local Kiwanis Club.

Members of the club are Todd Miller, Richard Kraly, Con Sullivan, Mike Wheely, Jim Ailes, Doug Hawthorne, Chris Suntala, Mark Tolson, Dan Ernst, Ed Wheaton, Al Ciroline, Frank Spina, Rich Varga, and Chris Sunkel.

Library Office Aides

The library aides at Midpark give aid and assistance to students who wish to use the Midpark Library. In addition to this they also help run the library during the day and help stack books. Sandy Stetina and Eleanor Brauer operate the Xerox machine for students.

Office aides assist the office secretaries during the regular school day at Midpark.

Members of the group are Julianne Fritz, Lorraine Ruby, Lynda Bowman, Cindy Barnby, Jeanne Dregalla, Linda Korman, Peggy Wojciechowski, Sue Lauritz, and Donna Sulak.

A-V Aides

The audio-visual aides help the audio visual department of Midpark to distribute and operate all A-V equipment both in and out of the classroom. Don Vukovic operates the video tape equipment at a recent wrestling match.

Office aide Debbie Priest mans the Midpark office after the office secretaries have gone for the day.

Co-op. Office Education

Cooperative office education program is one in which a pupil attends classes for part of a school day and works in a business related job. The major purpose for COE is to provide the pupil with an opportunity under supervision to apply his theoretical learnings in practical situations.

Absent when picture was taken were Linda Martin, Joe Tock, and Gary Stovall. Working at the DECA bookstore are Tom Biscof and Bob Keskemety.

Classes

The Senior Class Prepares For Graduation.

As another school year ends and the senior closes that last book, turns that last lock combination, walks slowly for the final time through that long familiar hallway, he barely notices those around. He recalls the same hallway as a lost sophomore looking for his first class or as a forgetful junior late for class. As he passes room after room he daydreams about teacher; some gone, some still here. He dreams about the time he had to give a speech in English class, "Boy was I nervous".

He thinks of all his friends and acquaintences who shared with him the fun, the grief, the joy and sorrow, the happiness and anguish. Perhaps, just maybe, a glint of a tear is in his eye as he turns the corner, and then pauses for a moment at the door.

There are all these memories which cannot be replaced or relived but are lost within the minds of all the seniors who leave as that last bell rings.

Below are the senior class officers, Steve LaBuda, president, Darcie Wheaton, vice-president, and Chuck Cline, sergeant at arms. Missing are Toni Annotico, secretary and Rich Scott, treasurer.

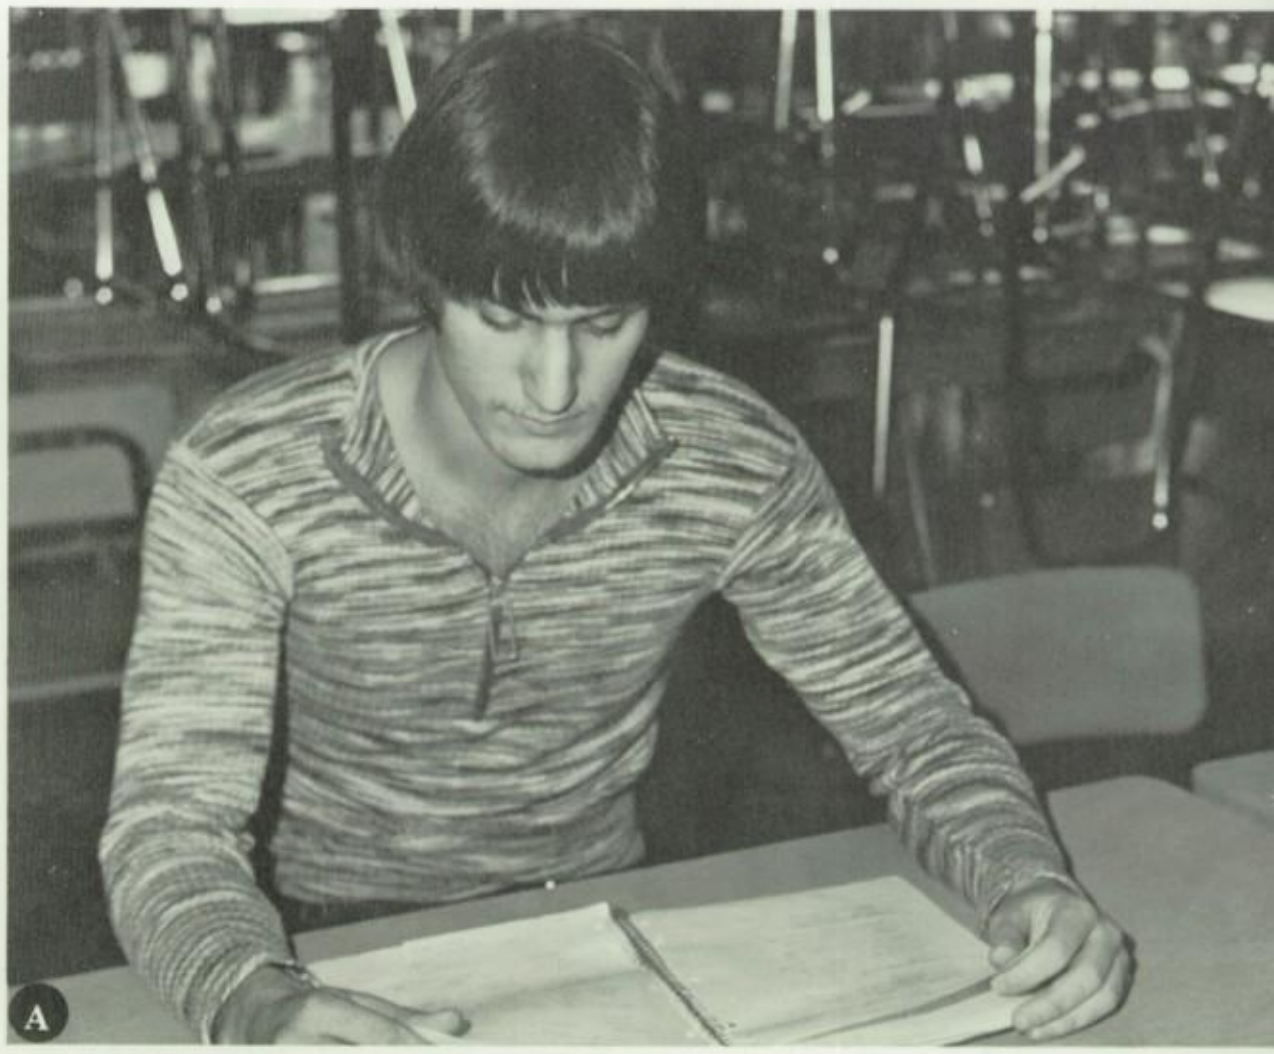
Juniors of '73

The junior class returned to Midpark in September knowing that they belonged. They knew that Mr. Bell isn't that bad, Mr. Chalker does listen, to their ideas, and that Mr. Hurley is still as solemn as ever even though he sports new "wire rims". The newest assistant, Mr. Tibbits is an old friend from sophomore biology.

The juniors became a part of Midpark. They helped the seniors get the football team moving and win the first G.C.C. conference title in the history of Midpark.

They helped for the basketball team. At Midi-Gras, the biggest attraction was the junior class jail.



A

The junior class tries to show Midpark at its very best. Junior class president Dave Stefanini has to study to get his A. **(Photo A)** *Janet Fox* **(B)** *and Pam Domann vice-president and treasurer repsectively, are seen discussing the class treasury. Rich Spina* **(C)** *and his date enjoyed snowball. Rich is sergeant at arms. Missing from the pictures is secretary Roger Cadle.*

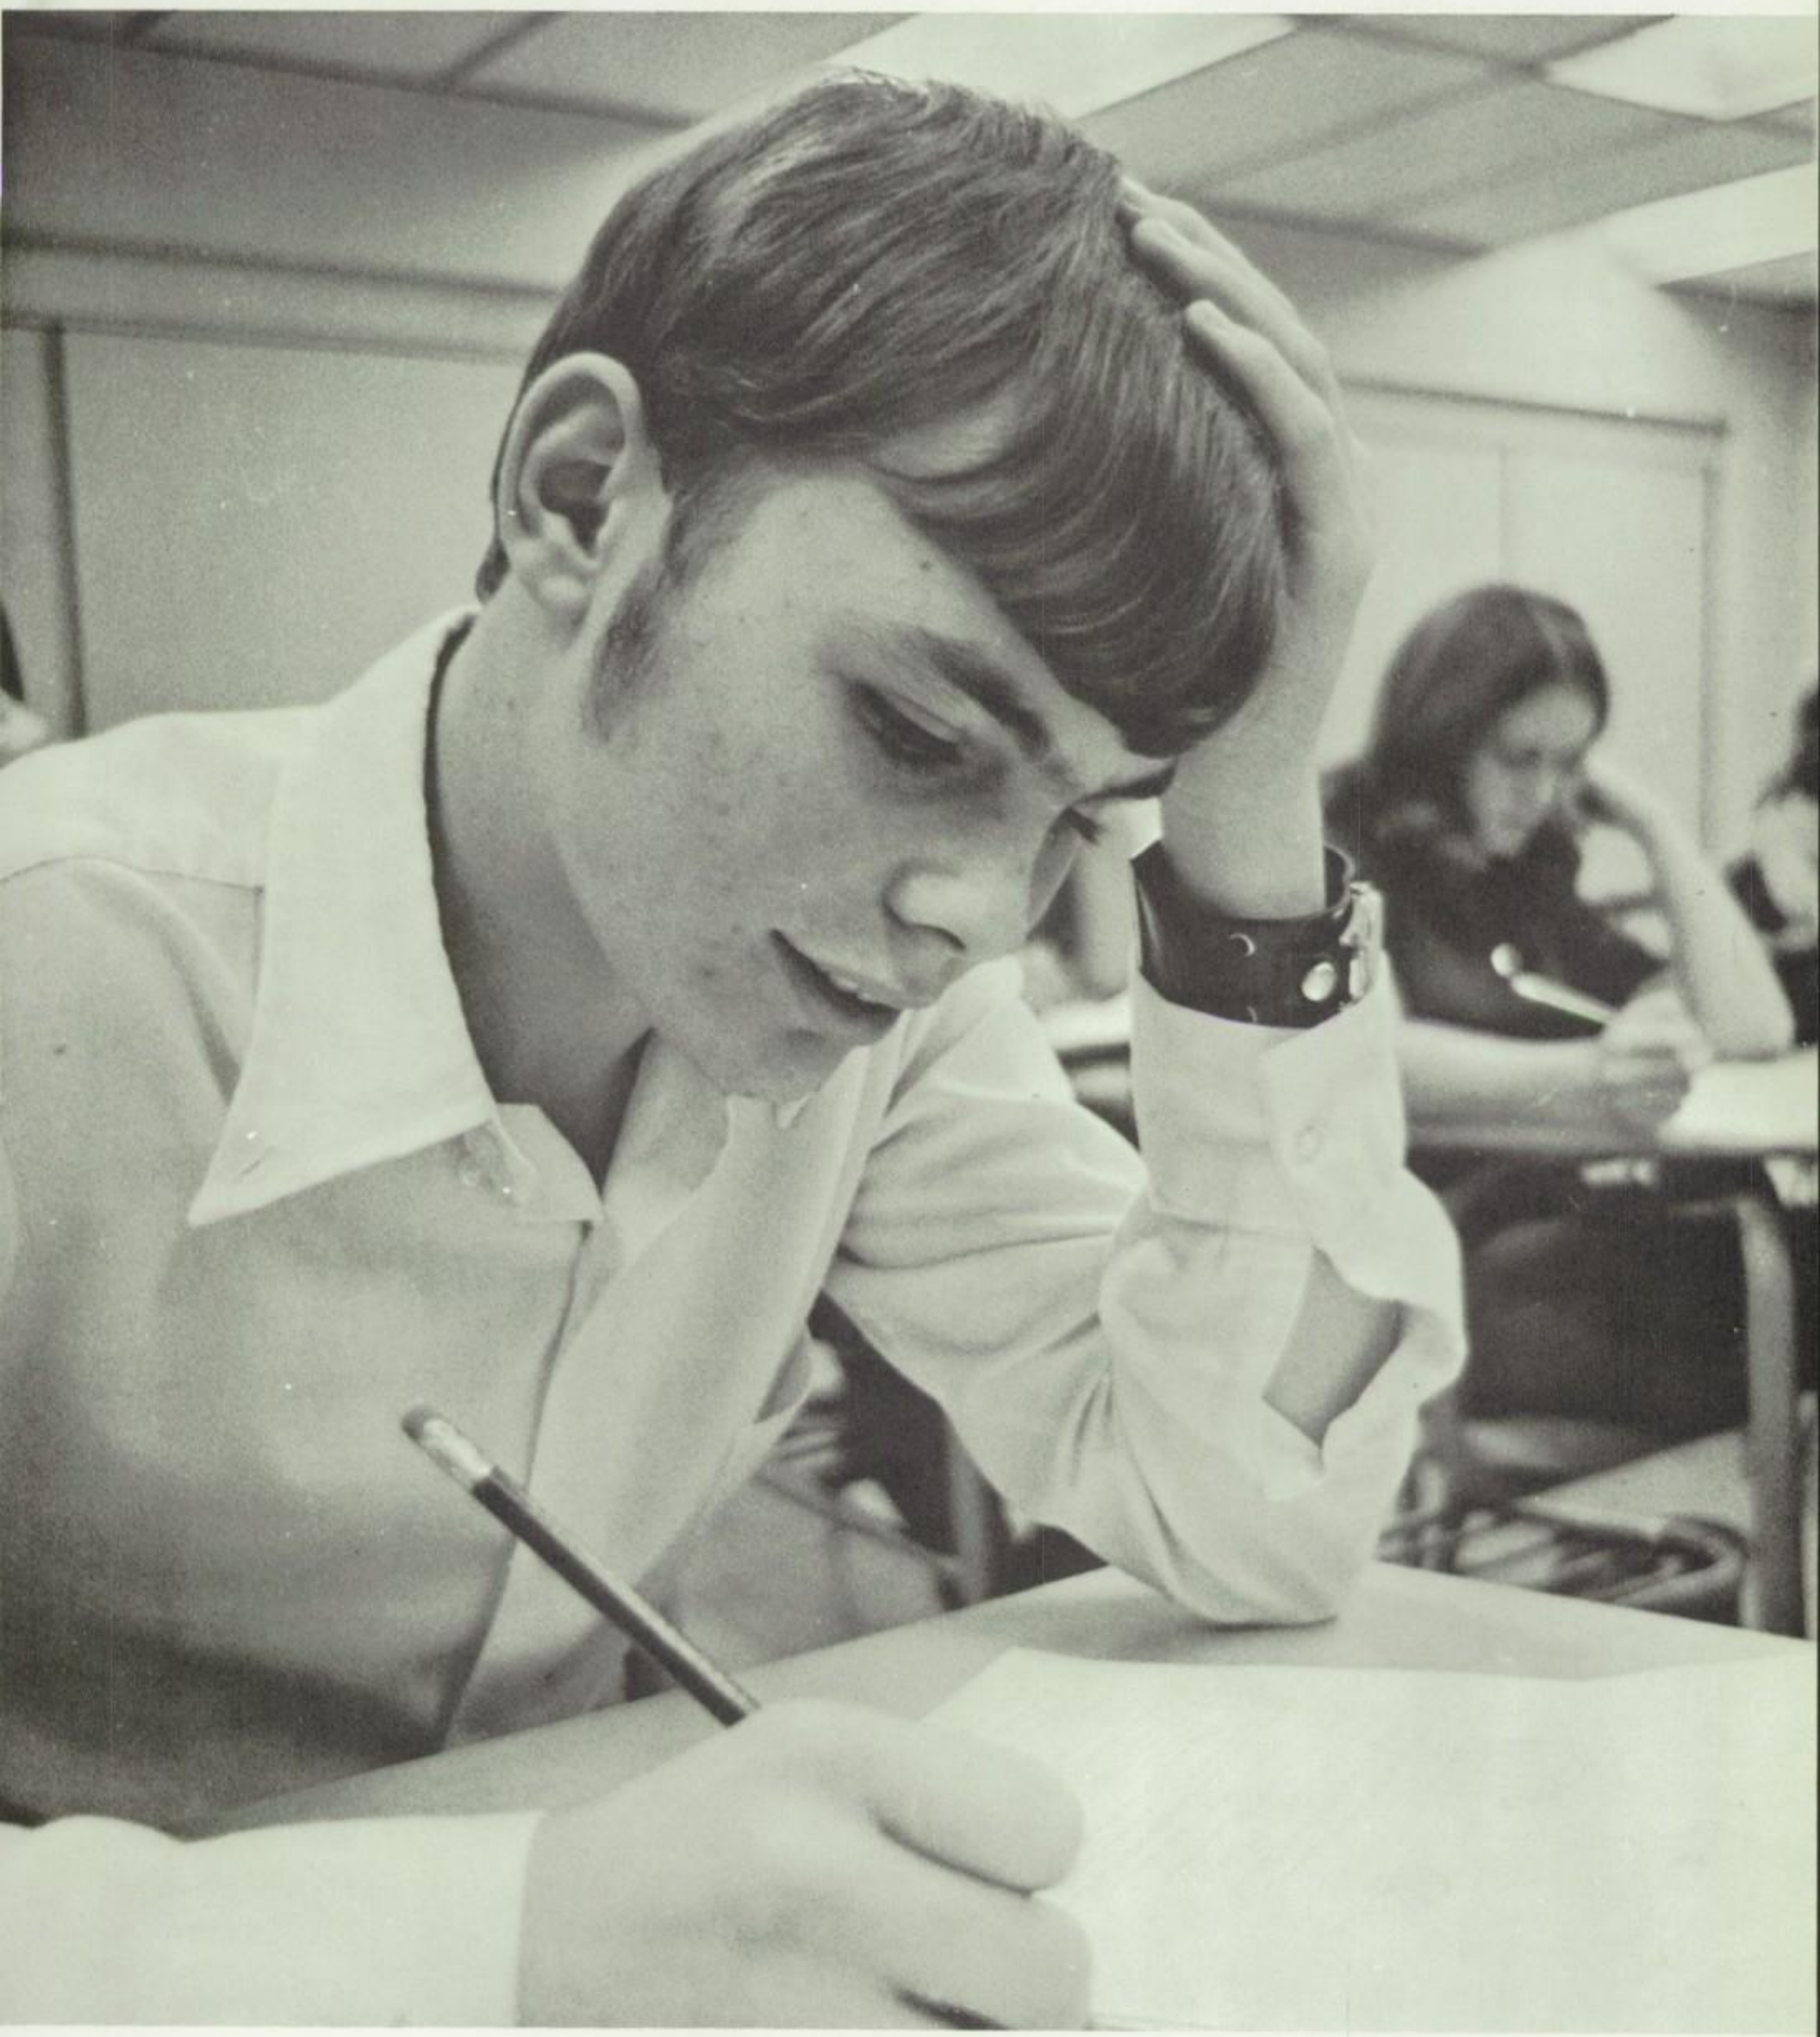
Exams Can Sure Be Tough!



Working diligently on his History Exam is Jim Kerr.

Sophomores prepare for their future.

The Sophomores, although new at Midpark, are very spirited and are proving to boost the pride, which has too often been very low at Midpark. They have brought with them probably the largest graduating class Midpark will ever see. They have also carried on the tradition of bringing us excellent athletic ability, in the form of fantastic football and basketball players, swimmers, runners, and wrestlers.

The officers, elected in the fall, are responsible for bringing out this spirit and pride and making the sophomores responsible Midpark citizens. They are, clockwise from lower left: Barb Derga (Sec.), Joanne Baxendale (Treas.), Brian Buckholz, (Pres.), Debbie Joseph (Sgt. at Arms), and Norma Dickerhoff (V.P.) They have already collected class dues and sold brown and orange spirit buttons. All the money raised this year is to be used next year for Snowball, 1972.

The Sophomore class advisors are Mr. Lisy and Miss Wiley.

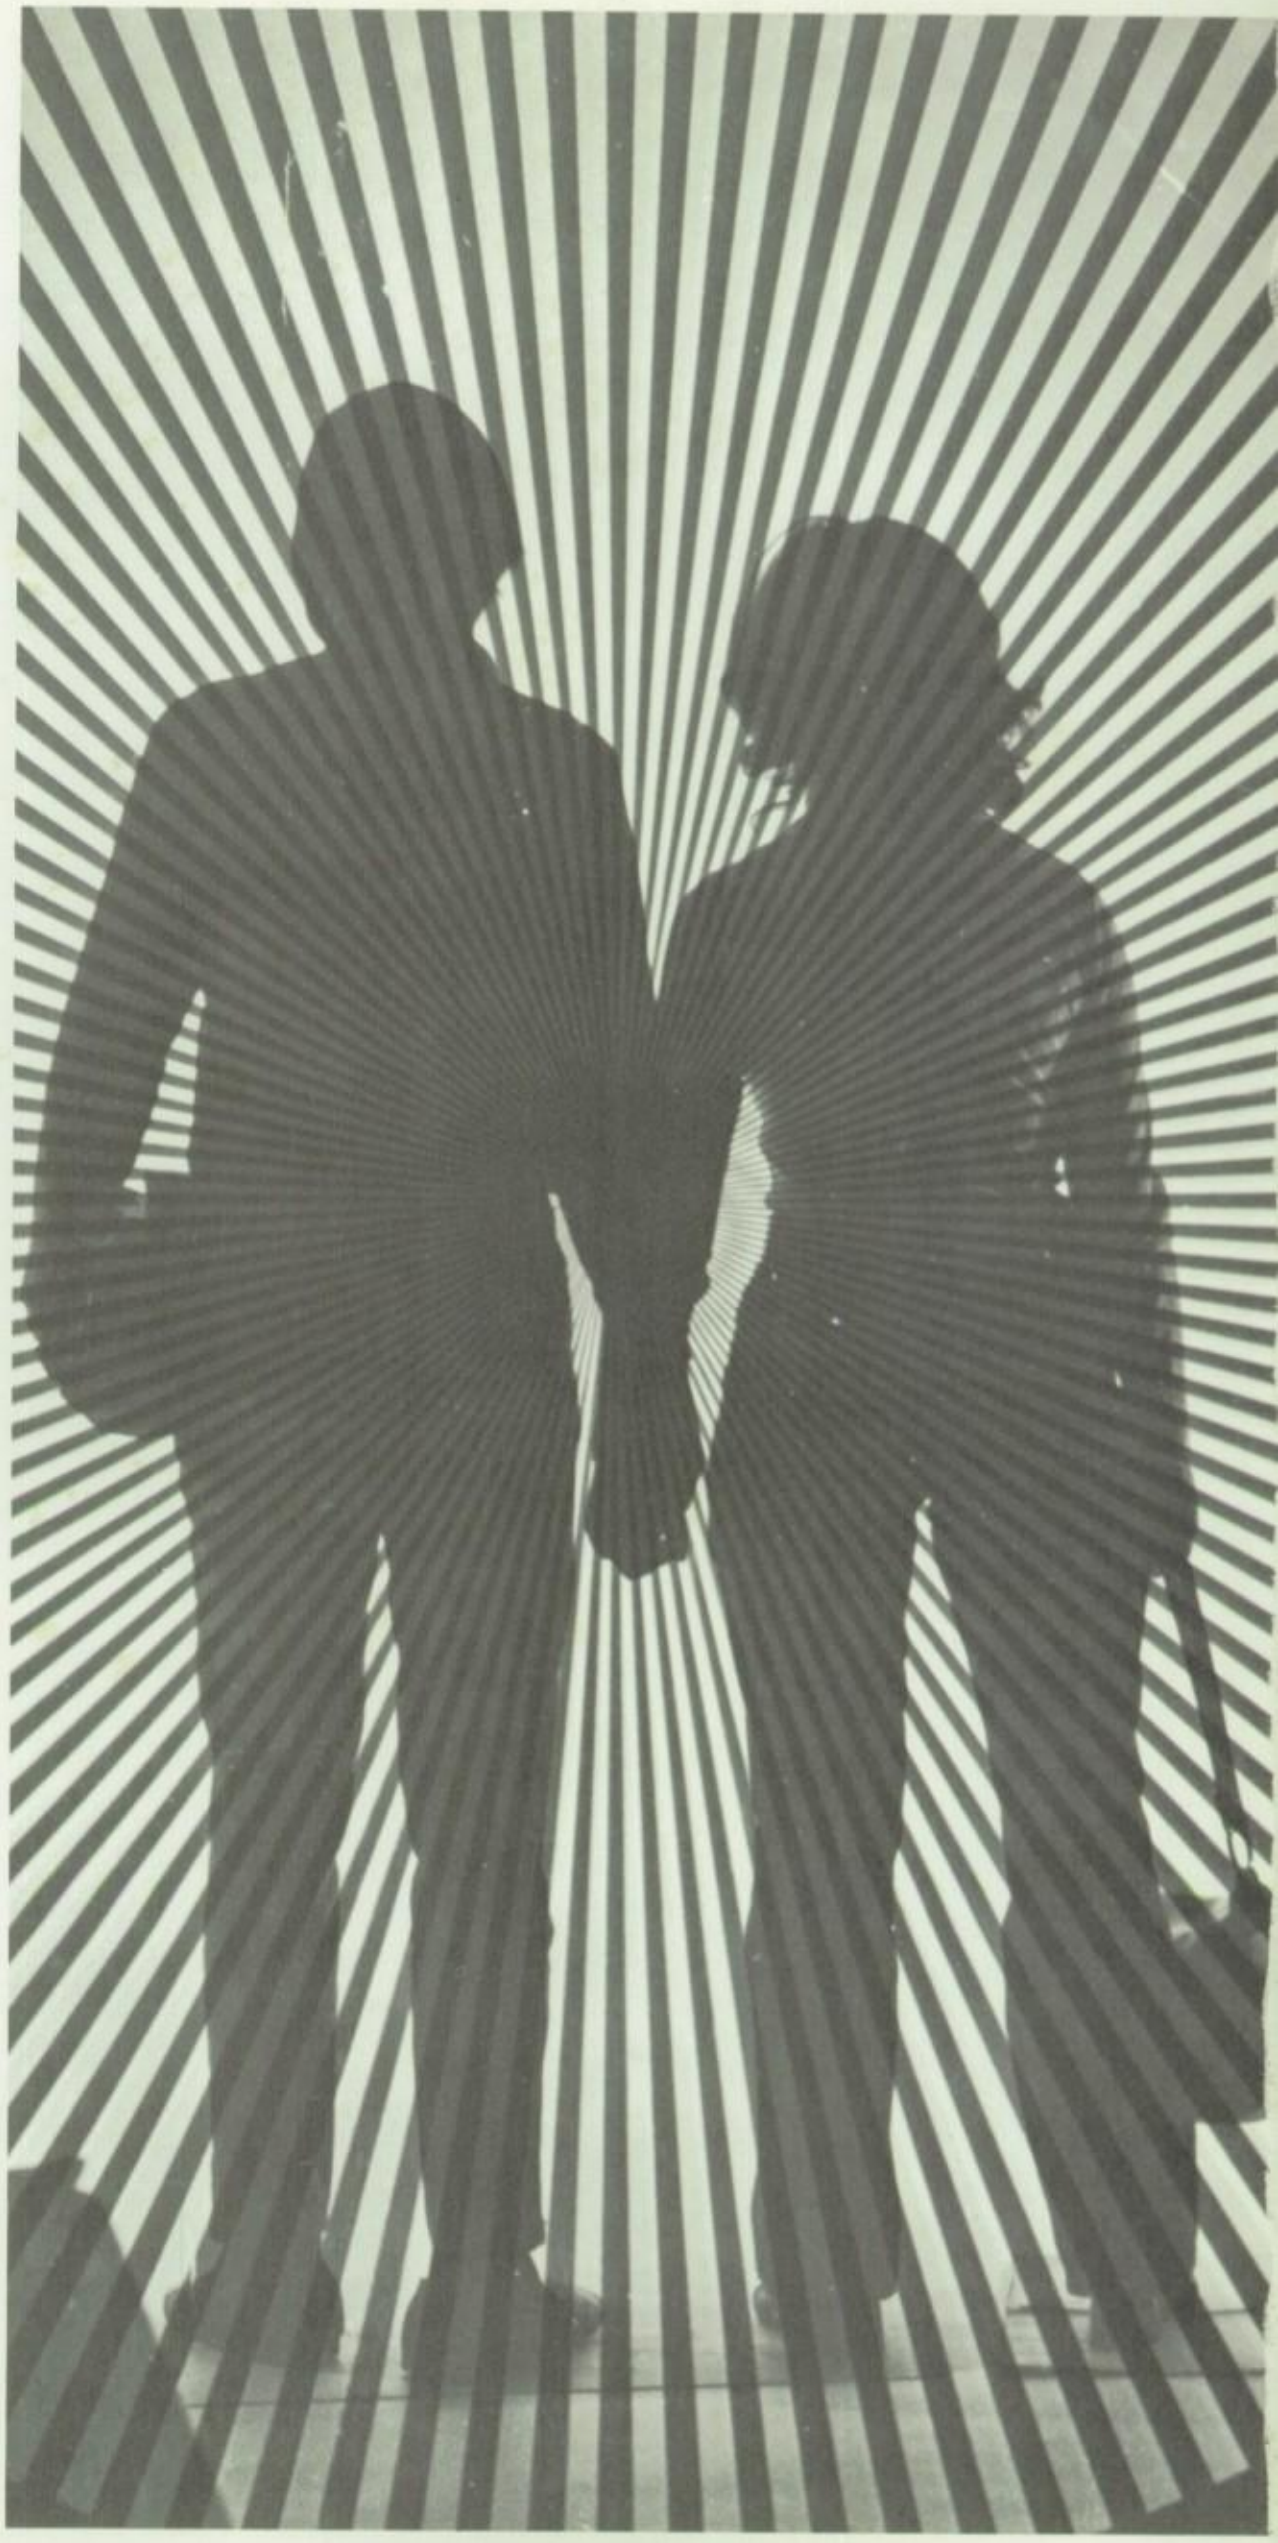
"A simple composition of different pictures arranged so that they form a blended whole while remaining distinct. Using this as a definition of montage we have tried to create the MONTAGE of Midpark.

This book is the unified efforts of a dedicated staff, Mr. Wolff and Mr. Lisy, (our advisors), and Mr. Vladir of the Delmar Publishing Company. I would like to thank each and everyone for their time and understanding. The various editors and their assistants spent many hours on page layout while the photographers did a great job taking and printing the pictures we needed, on sometimes very short notice.

My thanks also goes to the faculty and administration for forgiving the interruptions of classes. A special thanks goes to Mr. Revelt and Mr. Schubert for permitting us to use the photo lab during their classes.

We faced many obstacles during the year but overcame most of them with surprising success. Of course, we had things go wrong, but one must expect some failures. Overall, the year was rewarding, educational, and worth all the effort.



Marie
